Grow your people & your business

After a long and thorough application and assessment process, I'm absolutely delighted to announce that we are now an approved supplier on the Crown Commercial Service (CCS) Low Value Purchase System! 🚀

The public sector spends billions each year on goods and services from the private sector, and securing a place on this framework is a fantastic opportunity to enhance our reputation and support even more businesses. Winning a contract to supply public sector buyers is not just a milestone—it's a chance to make a real impact!

The Crown Commercial Service (CCS) provides commercial and procurement services to the public sector, helping organisations buy commonly used goods and services quickly, cost-effectively, and in full compliance with procurement regulations.

A huge thank you to everyone who has supported us on this journey. I'm excited for what's ahead! If you'd like to learn more about how we can help, let's chat.
